Providing telephone services in rural areas at cheaper rates

81. SHRI ANANTRAY DEVSHANKER DAVE: Will the Minister of COMMUNICATIONS be pleased to state:

(a) what measures have been taken or are proposed to be taken by Government to make telephone services available at cheaper rates in the rural areas of the country;

(b) whether there is any proposal under Government's consideration to reduce the annual rent and call charges for rural based telephones;

(c) the number of villages to be covered under this scheme in the state of Gujarat;

(d) if so, the details thereof; and

(e) if not, what are reasons therefor?

THE MINISTER OF STATE OF THE MINISTRY OF COMMUNICATIONS (SHRI SUKH RAM): (a) The rental in rural areas is already low compared to urban areas and is highly subsidised. Besides, the rural areas which are mainly served by Flat Rate Exchanges do not have separate charges for Subscriber Dialled Calls. Charges for trunk calls made from Long Distance Public Telephones—which cater to rural areas are also only 50 percent of the normal charges.

(b) No, Sir.

(c) to (e) The above charges at (a) are applicable throughout the country.

Postal facilities in the tribal areas of Bihar

82. SHRI S. S. AHLUWALIA: Will the Minister of COMMUNICATIONS be pleased to state:

(a) what arrangements have been made by Government to provide postal facilities in the remote villages
